

e-Tips for Families

Checking In Each Day

Checking in with your child at the beginning and end of each day helps them to process instructions they received from their teachers, as well as organize themselves and set priorities.

Questions in the morning:

1. What classes do you have today?
2. Do you need anything to complete your assignments?
3. Is there anything I can do to help?

Questions in the evening:

1. How far did you get in your learning assignments today?
2. What did you learn? What was hard?
3. What do you need for tomorrow?
